

# STORXtreme

for smarter data backup

Model :  
**SX-18D**

STORXTREME is an integrated solution that provides external hard disk drive (HDD), multiple memory card reader and memory card backup functions. As a portable external storage device, StorXtreme is a perfect choice for active mobile users providing a light and optimal solution for personal information storage and data transfer. Any PC with a USB port is enough for user to access documents, music, images, or any other data stored in the HDD. In addition, StorXtreme also acts as an all-in-one card reader supporting all major memory card types. More importantly, StorXtreme enable the mobile users to copy the content of a memory card into the HDD without a PC. This function allows the users to easily free up more expensive memory cards for re-use in the field.

StorXtreme supports Compact Flash (CF), MicroDrives (MD), Secure Digital Card (SD), Multimedia Card (MMC), Memory Stick (MS), Memory Stick PRO/DUO, USB connection to PC is achieved using USB 2.0 High Speed (480Mbps) link.

Multiple-Format  
Memory Card Slots

Standard  
AA Battery

Enclosure for  
1.8" HDD

LCD with  
EL Backlite

## Multi-Format Memory Card Reader with Built-in 1.8" HDD and Easy One-touch Data Backup for smarter data backup

smaller, lighter

### technical specification

USB Interface	USB 2.0 and USB 1.1 Compatible	Battery Life	AA Alkaline Battery : 25 copies* 2100mAH Rechargeable Battery : 70 copies*
Memory Card Supported	CF, MD, SD, MMC, MS/ Pro/ Duo, xD (optional)	Battery Charging	via USB Port
Hard Disk Size	1.8" EIDE (ATA), Hitachi type	Operating Conditions	Temperature = 0° C to 70° C Relative Humidity = max 90%
File Features	File System Supported : FAT 8/16/32 Filename : up to 256 character, supports Unicode character	Operating Power	Device Idling : 80mA Shutdown : 100uA Operation : 500mA to 800mA (max)
USB Data Transfer Rate	480MBps HDD operates in UDMA mode	Weight	100g, 200g (with Battery and HDD)
Data Transfer Rate for Copy mode	CF to HDD : 3MBps SD to HDD : 2.5MBps (2x), 3.4MBps (ultra speed) MMC to HDD : 1 MBps MS to HDD : 1 MBps MS Pro to HDD : 3.5 Mbps	Status Indicators	[HDD] LED : HDD Access [CARD] LED : Card Access LCD Panel - Operating Status - 35mm x 27mm - Blue EL Backlite
Power Source	Standalone : 2 x AA Battery (Alkaline or Ni-MH Rechargeable) Connect to PC : USB Powered	System Support	Windows98se/ ME/ 2000/ XP, Mac X (above)
		Dimension (LxWxH)	68mm x 88mm x 28 mm

\* no. of copies for 256MB Memory Stick Pro Card to HDD

### system requirement

- IBM PC or 100% Compatible PC • Pentium III CPU with 128MB RAM or above • USB 1.1 or USB 2.0 port • Windows 98SE /ME /XP /2000 or Mac OS X
- 20MB of free Hard Disk space • CD-ROM Drive
